U.S. Coast Guard Facility Approval Code: 887

Dear Mr. Al-Hanbali,

On February 19, 2017 your facility was inspected and found to be in compliance with 46 CFR 160.151-39 through 46 CFR 160.151-47 for the servicing of United States Coast Guard (USCG) approved Viking Liferrafts. In accordance with 46 CFR 160.151-51, I authorize your facility to service USCG approved liferafts, with the exception of CO2 bottles. All CO2 bottles (new or recharged) must be serviced by an approved United States Department of Transportation facility.

A copy of this letter will be sent to the Coast Guard Lifesaving Division (CG-ENG-4), who will issue an approval letter and enter your facility into the Coast Guard Maritime Information Exchange (CGMIX) database.

Should you have further questions, please contact CWO David Mosley at the above phone number and address.

Sincerely,

A handwritten signature in blue ink, appearing to read "D. C. Barata".
